

REACH COMPLIANCE- XANDEX INKS

This statement regards the REACH compliance of inks and ink remover supplied by Xandex Inc.

- The REACH regulation 1907/2006 applies to chemical substances manufactured or imported into the European Union (EU) in quantities greater than one (1) ton per year. Manufacturers and importers shipping to the EU in quantities greater than the threshold quantity of one (1) ton per year must pre-register the substance with the EU. Xandex does not ship any of our inks to the EU in quantities greater than one (1) ton per year. Therefore, Xandex ink products are not subject to the REACH registration requirement.
- All Xandex ink products are fully compliant with the requirements of REACH Annex XVII. None of the 240 substances on the candidate list of Substances of Very High Concern (SVHC) as of the latest update on 23rd January 2024 are contained in Xandex ink products at levels greater than 0.1% weight by weight (w/w).
